### 1. Purpose of data processing and legal basis:

### 2. Analysis of legal interests

Our legal interest is to protect our premises and the goods located in it from illegal acts, such as theft. The same applies to the safety of life, physical integrity and health as well as the belongings of our staff and third parties legally located in the area under surveillance. We only collect image data and limit the download to places where we have assessed that there is an increased possibility of committing illegal acts e.g. theft, such as at our cash registers and at the entrance of our offices, as well as at our premises, without focusing on areas where the privacy of the people being photographed may be severely restricted, including their right of respect for their personal data.

### 3. Recipients

The material is accessible only by our authorized personnel who are in charge of the security of the premises. This material shall not be transmitted to third parties, apart from the following cases: (a) to the judiciary, prosecutorial and police authorities when it contains information necessary for the investigation of a criminal offense concerning individuals or property of the processing officer, (b) to the judiciary, prosecutorial and police authorities when requesting data, lawfully, in the performance of their duties, and (c) to the victim or perpetrator of a crime, in the case of data which may constitute evidence of the act.

### 4. Storage time

We keep the data for fifteen (15) days, after which they are automatically deleted. In case we find an incident during this period, we isolate part of the video and keep it for another (1) month, in order to investigate the incident and initiate legal proceedings to defend our legal interests, while if the incident concern third parties we keep the video for up to three (3) more months.

### 5. Rights of data providers

Data providers have the following rights:

- Right of access: you have the right to know if we are processing your image and, if applicable, to receive a copy.

- Restriction right: you have the right to ask us to restrict processing, such as not deleting data that you deem necessary to establish, exercise or support legal claims.
- Right to object: you have the right to object to the processing.
- Right to delete: you have the right to request that we delete your data.

You can exercise your rights by sending an e-mail to the address: [dpo@eyath.gr](mailto:dpo@eyath.gr) or a letter to our postal address or by submitting the request to us in person, to the address of our company. To exam a request related to your image, you should tell us about when you were within range of the cameras and give us a picture of you to make it easier for us to locate your data and hide the data of third parties. Alternatively, we give you the opportunity to come to our facilities to show you the images in which you appear. We also note that exercising the right of objection or deletion does not imply the immediate deletion of data or the modification of the processing. In any case, we will respond to you in detail as soon as possible, within the deadlines set by the GCP.

### 6. Right to file a complaint

In case you consider that the processing of the data concerning you violates Regulation (EU) 2016/679, you have the right to file a complaint to a supervisory authority.
